# Introduction

# Introduction

Your Junovy Account lets you securely access Junovy services. Authentication is managed by Keycloak in the “dds” realm.

What you can do

- Sign in to Junovy apps and services
- Reset your password if you forget it
- Enable two-factor authentication (2FA) for extra protection
- Update your profile details
- Review and sign out of active sessions

Important URLs

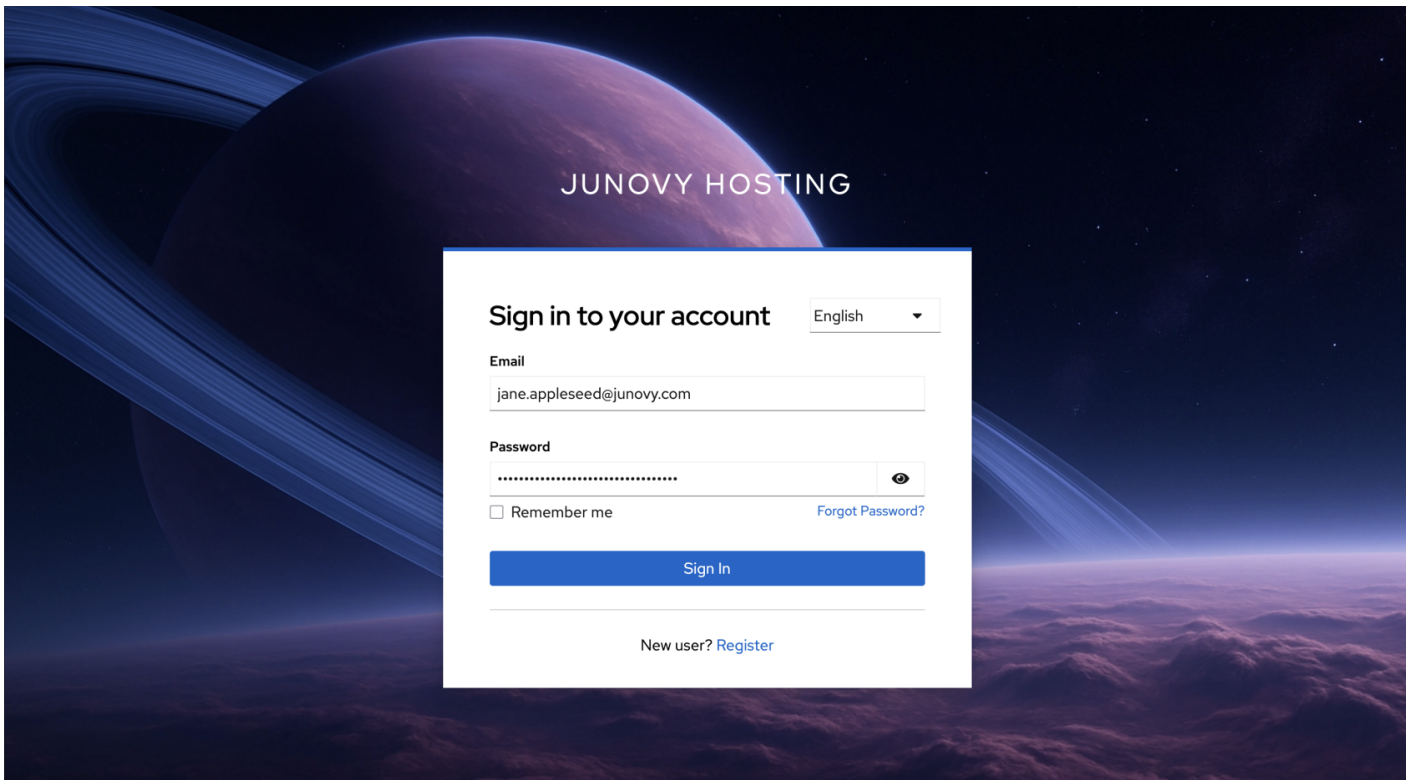

- Reset Password: <https://auth.junovy.com/realms/dds/login-actions/reset-credentials>
- User Profile & Account Console: <https://auth.junovy.com/realms/dds/account>

Tip: Bookmark the links above to avoid phishing and ensure you always reach the correct site.

# Sign In

## Steps

1. Login via <https://cloud.junovy.com>
2. You'll be redirected to the Junovy sign-in page.
3. Enter your email and password, then continue.
4. If prompted, complete two-factor authentication (2FA).

## Tips

- If you're unsure of your username, check your welcome email or ask your admin.
- Use a modern browser and ensure your system time/date are correct (helps with 2FA codes).
