

Introduction

Introduction

Your Junovy Account lets you securely access Junovy services. Authentication is managed by Keycloak in the “dds” realm.

What you can do

- Sign in to Junovy apps and services
- Reset your password if you forget it
- Enable two-factor authentication (2FA) for extra protection
- Update your profile details
- Review and sign out of active sessions

Important URLs

- Reset Password: <https://auth.junovy.com/realms/dds/login-actions/reset-credentials>
- User Profile & Account Console: <https://auth.junovy.com/realms/dds/account>

Tip: Bookmark the links above to avoid phishing and ensure you always reach the correct site.
